- Periodically disinfect of entire college premises.
- Contactless sanitizer dispensers installed in the college premises.
- Strictly adherence to social distancing in the college campus.
- Use of face covers/masks is mandatory.
- Installed separate bins for disposing of used masks, gloves, and tissue paper
- Displaying of signage at common areas to spread awareness.
- Strict disinfection protocols should be followed in the college premises as per guidelines
- Availability of portable safe RO water for drinking on each floor.
- Well ventilated classrooms with social distancing sitting arrangements.
- Reduction in seating capacity of classrooms and labs.
- Proper cleanliness should be maintained inside the entire campus.
- In-house TASK FORCE to monitor the implementation and measures for prevention from the spread of COVID 19
- The faculty, staff and students should be encouraged to download 'Aarogya Setu App'.
- Counseling & Guidance for anxiety, mental health and psychological issues of students developed during the lockdown period.
- Availability of medical assistance at campus when required

CAMPUS SAFETY TIPS

In order to maintain a clean and safe work environment please follow these six tips against covid-19

Maintain 1.5 meters distance between each other

Wash your hands with soap and running water for at least 20 seconds

Cover your mouth and nose when sneezing or coughing, either with a disposable tissue or with the curve of your elbow

Clean and disinfect common objects prior and after their usage

If sick stay home and seek medical help

Avoid touching each other or touching your face with unwashed hands
